

Request for a Formal Review of Course Marks/Final Examination

Please print NEATLY. Please ensure that ALL sections of the form are completed.

Submit by email to:
engineering.reception@queensu.ca

Please read carefully before completing this form

A student may request a formal review or re-read of any grade assigned in a course subject to the marking scheme set out by the instructor. It is the responsibility of the student to preserve all original graded material (assignments, papers, etc.) to present for the review.

Prior to submitting a **Request for a Formal Review of Course Marks**, the student should request an informal review with the instructor concerned. A request for informal review of term work must be made within 10 business days of the grade being released.

Following the informal review, a student may apply to Smith Engineering for a Formal Review of term work in a course. The request for a review of term work must be submitted by the student within 10 business days of receiving the mark (original or reconsidered) from the instructor. The reconsideration of the work in question will be undertaken by two reviewers, normally, the instructor and the Head (or appropriate delegate chosen by the Head) of the Department responsible for the course. If there is a question regarding the impartiality of the instructor, then the Head may choose to appoint another person in his/her place.

Personal information collected on this form is collected under the authority of the Royal Charter of 1841, as amended. The information collected on this form may be retained in the student's file, will be used to process this request, and will be shared with Queen's personnel who need the information to perform their duties.
